

SIS20213 Certificate II in Outdoor Recreation

Course Overview

Course Duration maximum timeframe of 6 months (NB: could be completed earlier)

The Certificate II in Outdoor Recreation is aimed at young people wishing to start their career in Outdoor Recreation as an Assistant Guide/ Leader or for those who want to gain foundation skills in the area of Outdoor Recreation.

This Nationally recognised Qualification provides skills and knowledge for an individual to be competent in performing basic core skills in outdoor recreation environments and assisting with the conducting a wide range outdoor activities

Entry Requirements

- Age 16 or over (industry driven requirement), HSC or mature background
- It is desirable that participants have the physical attributes to participate in adventurous physical activities
- Participants are responsible for their own travel arrangements and any associated costs to and from face-to-face training and assessment sessions
- Access to internet for on-line component of the course

Assistant Guide

An assistant guide or leader has the necessary foundation skills to work under direct supervision in a range of outdoor recreation activities, such as bushwalking, canoeing, rock climbing, abseiling, horse trekking and numerous other activities.

Work may be undertaken as part of a team and would be performed under direct supervision. Work would be undertaken in field locations such as camps or in indoor recreation centres or facilities.

Employment Opportunities

This qualification may provide employment opportunities in the following areas:

- Camping and Outdoor Recreation Centres
- Sport and Recreation centres
- Retail camping sector
- Tourism
- Volunteer Organisation
- Commercial Operators

Course Delivery

The course is delivered via our web-based on-line learning in conjunction with face-to-face training sessions in the field, a flexible blended learning environment.

The course content focuses on key skills that develop your knowledge so that you can successfully plan and deliver an outdoor recreation activity. This may include developing skills in risk management, navigation, weather interpretation, environment factors, health and safety, emergency response and overall planning skills in a wide range of work environments.

These are all completed in the context of your selected activities and the online theory component of all courses

The face-to-face training and assessment is conducted in various locations throughout Australia and is based upon demand. The activity calendar is regularly updated, (every 3 months) to reflect current enrolments. The calendar is on-line allowing students to view and select their own training/ assessment sessions within their course time frame.

Activity Specific units of competency

These are practical face-to-face units, and include practical training and / assessment to a maximum of 4 days per activity specialisation chosen

Should you be deemed not yet competent after that time additional fees may be applicable

Log Books

Documented and verifiable work experience/ practice sessions for the activities associated with your course **MUST** be logged and are required as they form an integral part of the assessment process
